MDEI is a twelve-month, \$240,000,000 initiative sponsored by the Catholic Project Fund that gives 100,000 students across Mexico a complete business infrastructure — a laptop, a year of satellite internet, AI business tools, an online storefront, payment processing, and structured training — so each one graduates with a real, functioning business.

The \$2,400 Student Package

Why Sponsor MDEI

- A complete business infrastructure, not a device donation — connectivity, AI, storefront, and payments bundled with every laptop
- Transparent, itemized \$2,400 unit economics — know exactly what your gift funds
- Quarterly reporting against published KPIs, for every sponsor at every tier
- Recognition at your tier, from named acknowledgment to a Steering Committee seat
